CAREER OBJECTIVE

To leverage my strong foundation in software development and expand my skills in a dynamic work environment. Seeking a challenging role where I can contribute to the success of projects, collaborate with cross-functional teams, and continue to grow as a professional software developer.

WORK EXPERIENCE

HyperWorks Imaging

Software Developer

Bangalore, Karnataka | August 2022 - June 2023

- Played a key role as a core developer in a dynamic product development team to develop and implement web applications using TypeScript, React, Next.js and Tailwind.css.
- Designed and developed responsive and user-friendly interfaces, ensuring optimal user experience and accessibility.
- Conducted thorough testing and debugging to identify and resolve software defects, ensuring smooth functionality of applications.
- Actively participated in code reviews, providing valuable feedback to enhance code quality and maintainability.
- Contributed to the integration of various APIs and third-party services to improve application functionality and data retrieval.

HyperWorks Imaging

Software Developer Intern

Bangalore, Karnataka | January 2022 - July 2022

- Demonstrated a strong drive for learning and development during the internship, excelling in various software development tasks.
- Worked collaboratively with senior developers to build and refine web applications using React and TypeScript.
- Gained hands-on experience with Puppeteer, contributing to web scraping and data extraction.

ACHIEVEMENTS

- Delivered a fully functional and interactive full-stack user dashboard feature using Flask, Open API, Supabase as Back-end and React, Next.js, Tailwind.css as Front-end .
- Made substantial contributions to the development of both the Roringo mobile app and Roringo business dashboard website, resulting in their successful implementation and enhanced functionality.
